The Biggest Names are on our Games!™

We are the hi-tech electronic entertainment company that puts you in the picture with exciting home versions of television's top game shows for adults and kids, and innovative new fun-filled game play for preschoolers. This software includes games the whole family loves, games they can play...either together or alone against the computer.

GameTek's Nintendo version of DOUBLE DARE combines the challenging questions of the TV game show with the fun of testing your skills on stunts to rack up money and prizes.

This official seal is your assurance that Nintendo has reviewed this product and that it has met our standards for excellence in workmanship, reliability and entertainment value. Always look for this seal when buying games and accessories to ensure complete compatibility with your Nintendo Entertainment System.

HOW TO USE THE CONTROLLER

If 1 player (team) plays against a computer team, only Controller 1 is used.

If 2 players (teams) are competing, Controllers 1 and 2 are used.

CONTROL PAD

Pressing the arrowed tips in any of the four directions scrolls the cursor left and right, up and down, or wrapping around the ends, to spell out names, to select answers or dares, and to control speed and angle movements of the Toss-Up Challenges, Physical Challenges, and Obstacle Course.

Nintendo ENTERTAINMENT SYSTEM

START BUTTON

- a. Starts The Game
- b. Pauses and Restarts the Game During Play

SELECT BUTTON

Not Used

A, B BUTTONS

Are used interchangeably to:

- a. Confirm answer selections
- b. Serve as a fire button in Toss-Up and Physical Challenges.

SETTING UP THE GAME

1. Flashing instruction PRESS START TO BEGIN signals either player to press the START BUTTON.
2. Player #1 presses the CONTROL PAD to the right to light up the desired number of players (1•2), then locks it in with A or B BUTTON.
3. Players decide on the SKILL LEVEL (1•2•3) of the game based on the time allotted for answering; Player #1 locks it in.
4. If a one-player game is selected, a computer player is automatically entered as the opponent. Here the Skill Level determines the computer's performance in the Toss-Up Challenge and intelligence in answering the questions.
5. Player Identification
 - a. Player #1 uses the four tips of the CONTROL PAD to scroll the cursor right and left, up and down, and wrapping around the board, spelling out a player or team name and locking in each letter with the A or B BUTTON. When the name is complete, player scrolls to END and locks it in.

b. Player #1 is shown an image and asked, WOULD YOU LIKE A NEW CHARACTER? YES•NO. Player moves right or left to the desired answer and looks it in. If the answer is YES, a new character is wanted, successive pressing of the A or B BUTTON will change the images until the desired one appears. Scrolling to NO and looking it in sets the image.

c. Player #2 follows steps a. and b. using Controller 2. If Player #2 is the computer, the name and image appear on the screen automatically.

THE TOSS-UP CHALLENGE

A Toss-Up Challenge determines who will have control of the questions at the start of game play. The game offers a choice of several Toss-Up Challenges selected at random by the computer.

1. Instructions for the Toss-Up Challenge appear on the screen. Either player then presses START to begin.

2. Each team uses the left and right arrows on the control pad to determine the speed and angle of the toss, as shown on the bar.
 - a. The left side of the bar controls the speed.
 - b. The right side of the bar controls the angle.

3. To control your player and start your bar, press and hold the left arrow. When the white line is at the speed you want, release the left arrow and press the right one. Once you reach the location you want on the angle bar, press the A or B BUTTON to throw.

4. Different Toss-Up Challenges require different numbers of hits. Scores are kept on the wall of the DOUBLE DARE game set for some Challenges.

5. There is no timer on the Toss-Up Challenge. The player who wins the Toss-Up Challenge wins \$10 and control of the questions.

Bowling

We like to bowl on Double Dare. But we lost all our bowling balls. So you'll have to use cantaloupes. The first team to knock over all 3 pins wins control of the questions.

Nintendo ENTERTAINMENT SYSTEM

Golf

We like to play golf on Double Dare, but we lost our golf balls. So you'll have to use eggs. The first team to putt 2 eggs into the cup wins control of the questions.

Gorilla

Our Double Dare gorilla loves to catch bananas. The first team to toss a banana into our gorilla's hand wins control of the questions.

HOW TO PLAY DOUBLE DARE

1. The winner of the Toss Up Challenge gets to answer the first multiple choice question.

2. To answer a question, select A, B, or C, by moving the cursor arrow key UP or DOWN, then pressing BUTTON A or B to confirm your selection. Questions must be answered before the timer runs out.

Nintendo ENTERTAINMENT SYSTEM

- If the timer runs out, the computer reveals the correct answer and neither team gets the money. The original player gets to answer the next question.
- If a correct answer is given, that team wins \$10 and gets to answer the next question.
- If an incorrect answer is given, the computer reveals the correct answer and the opposing team wins the money and gets to answer the next question.

d. If Team 1 cannot, or chooses not to, answer the question, the player can DARE Team 2 to answer it by moving the arrow cursor to DARE and confirming the selection with BUTTON A or B. The value of the question then doubles to \$20.

3. If Team 2 cannot, or chooses not to, answer the question, it can DOUBLE DARE Team 1 by moving the arrow cursor to DOUBLE DARE and confirming the selection with BUTTON A or B. The value of the question then doubles to \$40.

4. If Team 1 cannot, or still chooses not to, answer the question, Team 1 can take the PHYSICAL CHALLENGE by moving the arrow cursor to PHYSICAL CHALLENGE and confirming the selection with BUTTON A or B. If the team successfully completes the Physical Challenge, they win the \$40; if not, the other team wins the \$40 and gets to answer the next question.

PHYSICAL CHALLENGES

Physical Challenges are selected at random by the computer from the many that are built into the program. Directions for play appear when the Physical Challenge is announced. The Physical Challenge must be accomplished before the timer on the wall of the Double Dare set runs out. Each challenge has its own determined length of time.

1. If the Physical Challenge uses a power bar (only one appears for a Physical Challenge since only one team is attempting it), the bar is controlled in the same way as the Toss-Up Challenge, with the arrow buttons positioning the player, if necessary, and with the A or B BUTTON firing.
2. If the Physical Challenge does not use a power bar, use the arrow buttons to position your player and press the A or B BUTTON to throw or fire.

NOTE: Sample Physical Challenges follow on pages 15 and 16

Trampoline Bounce

Launch your partner through the air onto the trampoline. Then he can bounce up and try to grab the flag. You have 30 seconds.

Spaghetti Shoot

Shoot your partner from the cannon at the spaghetti. You have 15 seconds to hit the big meatball.

Cake Catch

Catch one cake in the air by bouncing up and down on your trampoline. You have 20 seconds to catch the cake.

Water Basketball

Toss 2 water balloons through the hoop and onto your partner's head. You have 20 seconds to do it.

Pully Golf

Putt 1 egg onto the green. Your partner will use a bellows to help blow the egg into the hole. You have 20 seconds.

Pie in Your Pants

Your partner will send you some pies through the air. Catch 3 in your pants in 20 seconds.

Kangaroo Catch

Flip 3 baby kangaroos into the air and catch them in your pouch. You have 20 seconds.

Ring Toss

Your partner will toss some rings to you. Catch 3 rings on your head in 15 seconds.

HALF-TIME and ROUND TWO

1. After 10 questions have been asked, Half-Time is called.
2. Round 2 begins with a new Toss-Up Challenge; it is played the same as the Toss-Up Challenge in Round 1, and determines control of the questions for Round 2.
3. The winner of the Toss-Up Challenge earns \$20.
4. Round 2 is played in the same manner as Round 1, except that each question starts out at \$20 and doubles on DARES, DOUBLE DARES and PHYSICAL CHALLENGES, as in Steps 2 through 4 of Round 1.

DOUBLE DARE OBSTACLE COURSE

1. The team with the highest dollar winnings from Rounds 1 and 2 gets to play the Double Dare Obstacle Course. (If the computer is the winner, it does not play the Obstacle Course.)
2. The obstacles are selected at random by the computer. A preview is displayed before the course is begun.
3. The Double Dare Obstacle Course is on a timer which begins when the player starts the course.
4. Use the arrow buttons to move your player along the Obstacle Course. Your player must be in the correct position in front of an obstacle in order to jump into it.
5. The flag on top of or beyond the obstacle must be grabbed and passed off to your partner before you can continue on to the next obstacle.
6. Each obstacle that is accomplished earns a prize for the player. When the time is up, prizes are displayed with their total dollar value.

SAFETY PRECAUTIONS

1. This high-precision Game Pak contains complex electronic circuitry. Avoid temperature extremes when storing it or unnecessary shock when moving it.
2. Terminal connectors should not be touched or allowed to get wet or dirty. This can damage the game.
3. Never attempt to open or take apart the Game Pak.
4. Do not clean the Game Pak with paint thinner, benzene, alcohol, or any such solvents.
5. Be certain that the Control Deck POWER BUTTON is turned off when inserting or removing the Game Pak cartridge.

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception.

It has been type-tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Supplement J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna.
- Regulate the NES with respect to the receiver.
- Move the NES away from the receiver.
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: "How to Identify and Resolve Radio-TV Interference Problems." This booklet is available from the U.S. Government Printing Office, Washington, D.C. 20402, Stock No. G04-000-003-905-4.
